1. Fingerings and embouchure instructions are placed adjacent to relevant notes.
2.  Double trill.
3. Click track A voice recites 2" intervals and other cues on the track.
↓ = significant cue in the form of a clap. This is a back-up to the main click track, especially in cadenza-like sections.
4. **X** Without pulse. In these sections, which dispense with bars, accidentals apply only to individual notes. Precautionary ones are occasionally added.
5. ‡ Implies a multiphonic. Fingerings are always supplied above the fundamental note. Single notes are indicated to cover multiphonics with differential tones as well as those related to characteristics of timbre on monotones. All notes with ‡ signs are also affected by electronic treatments and do not always result in only the effects produced by the oboe sound source.
6. The section beginning at 4'14" requires the oboist to be either seated, or to have a support stand on which to rest the bell of the oboe to accommodate the revised hand positions at 5'02".

At the still point of the turning world

for solo oboe and electronics

Edwin Roxburgh
(b.1937)

The score is written for solo oboe and electronics. It consists of seven staves of music, each with specific performance instructions and fingerings. The first staff includes instructions for 'hard-back of scrape' and 'grip back'. The second staff includes 'sim.' (simulazione) and 'bite (single pitch)'. The third staff includes 'gliss.' (glissando) and 'loose at tip Eb'. The fourth staff includes 'espr.' (espressivo) and 'gliss.'. The fifth staff includes '5' (fingerings) and 'pp' (pianissimo). The sixth staff includes 'sfz' (sforzando) and 'pp'. The seventh staff includes '5' (fingerings) and 'molto'.

mf *pp* *sfz* *sfz* *pp* *sfz* *sfz*

pp *sfz* *sfz* *pp* *sfz* *sfz* *molto*

The musical score is divided into several systems, each with time markers and performance instructions:

- System 1:** 2'32" to 2'56". Fingerings for C, F, G#, and (bite) F are shown. Dynamics include *ppp*, *sfz*, and *p*. A "deep embouchure" instruction is present.
- System 2:** 2'58" to 3'32". Fingerings for C, B, and G# are shown. Dynamics range from *f* to *ppp*, including *dolce*, *ff*, and *fff*.
- System 3:** 3'34" to 4'06". Dynamics include *f* and *p*. A *dolce* marking is present.
- System 4:** 4'08" to 4'28". Includes "R.H." and "L.H." markings. Dynamics include *sfz* and *sempre ff*.
- System 5:** 4'30" to 4'46". Continuation of the rhythmic pattern from the previous system.
- System 6:** 4'48" to 5'12". Includes "3)" marking and "double trill between right and left hand fingers" instruction. Dynamics include *sfz*, *ppp*, and *sempre f*. A "Return R.H. to normal playing position" instruction is at the end.

- 1) From 4'14"-4'50" tap the keys, placing the oboe near the microphone for projection of sound.
- 2) Place the bell of the oboe on the knees or on a supporting stand.
- 3) The R.H. should be placed in the L.H. position (with oboe bell supported) to double trill on the A key.

Double trill continues while full closure of L.H. 2 creates figurations

12'24" A * ad lib. (♩ = c.60)
 12'26" sempre staccato

*Play A consecutively once, then repeat the fragments in varying order, interspersing fragments of B and all of C. It is important to sustain the sextuplet figurations in response to the playback. After the first complete statement of A each repetition should be played louder, sustaining a constant crescendo. At 14'30" complete the fragment being played, then continue from D.

C molto espr. D molto espr.
